## PERSONAL PROFILE

Enthusiastic and dedicated front-end developer with a passion for creating visually appealing and user-friendly web applications. Seeking to leverage my skills in HTML, CSS, JavaScript, and modern front-end frameworks to contribute to innovative projects and drive user engagement.

## SKILLS

Front-end Technologies:

- HTML5
- CSS3
- JavaScript(ES6+)
- TypeScript
- SASS

Front-end Frameworks/Libraries:

- React.js
- Redux
- Tailwind CSS

Miscellaneous:

- OOP
- GitHub
- Netlify

## PROJECTS

### Audiophile

My first programming project: an e-Commerce application, named Audiophile, where audio items can be purchased.

Technologies Used: HTML5, CSS3, SASS, JavaScript, React.js, GitHub, Netlify

Links: [Audiophile](https://github.com/Audiophile) | [github.com/Audiophile](https://github.com/Audiophile)

### Paws ans Guess

A dog breed guessing game, made with the scope of learning how to use an API.

Technologies Used: HTML5, TailwindCSS, JavaScript, React.js, GitHub, Netlify

Links: [Paws and Guess](https://github.com/Dog-Guesser) | [github.com/Dog-Guesser](https://github.com/Dog-Guesser)

## FOREIGN LANGUAGES

English: Fluent

## PROFESSIONAL EXPERIENCE

### VOLUNTEER

**Geography and Geology Students' Club | October 2019 - July 2022**

Actively engaged in a variety of volunteer projects, including toy drives, smile campaigns, environmental cleanups, academic debates, and collaborative exchanges with international entities such as Egea (European Geography Association).

### BARTENDER HELP

**Underground Pub | October 2022 - June 2023**

Attributions Summary:

- Provide excellent customer service, take orders, and create a welcoming atmosphere.
- Assist with bar setup and maintenance.
- Prepare and serve drinks while ensuring cleanliness and hygiene.
- Collaborate with the team to ensure smooth bar operations.
- Address customer inquiries and maintain a safe environment.
